Subject: Draft briefing paper for review: CWA 404 meetings for the Pebble Project

Szelag, Matthew 4:46 PM:

hi michael, fyi, i'm cleaning up the briefing document now and i think it's in pretty good shape.

Szelag, Matthew 4:46 PM:

there are two comments from palmer where he suggests some edits - if you have a chance, i'm curious if you would suggest edits or think we can handle them verbally

Szerlog, Michael 4:47 PM:

Great. Let me take a quick look now.

Szelag, Matthew 4:47 PM:

great thanks - still working on accepting changes at the end of the doc, but you should see his two comments

Szerlog, Michael 4:56 PM:

Matt, I responded to them. I also found one type earlier on. Thanks again for your help and for transmitting to RA's office.

Szelag, Matthew 5:00 PM:

thanks. I can flag palmer's first comment to the team when i send them the version that goes to the RA's office as an FYI and as something we may want to mention verbally

Szerlog, Michael 5:01 PM:

I think Matt put the color coding in and I am not sure if it was done using our matrix or the final matrix provided by the Corps. That one had a few minor discrepancies. Bottom line is that all of the red one should be correct.

Szerlog, Michael 5:01 PM:

Thanks. Signing off for the day. :)

Szelag, Matthew 5:02 PM:

Thanks - have a good one!
